The Tru Touch Sandy Nitrile Glove is a general and small component handling glove fit for the food industry. The rough nitrile coating ensures grip in both wet and dry conditions and is fit for use in greasy and oily work environments.

Tru Touch PU Coated General Handling Gloves

SKU: GL-PUBKWR

The Black PU Coated Gloves are perfect for general handling and small components in the food industry. With a smooth PU coating, these gloves provide excellent grip in wet and dry conditions. Experience comfort and control with their sleek, coated finish.

Wonder Grip Gloves WG 1855 U-Feel Spe

SKU: GL-WG1855HOS

The Wonder Grip® WG-1855, U-Feel Spe, features a single nitrile coating on an 18-gauge polyester and spandex liner. The Wonder Grip Performance™ dipping provides exceptional sensitivity and dexterity, giving a second-skin feeling for precision tasks. Now with micro dots on the palm for improved anti-wear resistance and grip. Anatomically engineered to reduce hand fatigue, it ensures ultimate comfort and precision. The gloves offer grip performance for safe handling in various applications, IT compatibility for touch screens, and high-visibility orange for safety.

Wonder Grip Gloves WG 318 Aqua

SKU: GL-WG318

The Wonder Grip WG-318 Aqua is our full double back latex coated, water-repellent glove, designed to be used in wet or water applications, while keeping the user's hands dry and comfortable. This nylon construction provides a superior grip in various applications, whilst remaining thin enough to offer great dexterity and flexibility.

Wonder Grip Gloves WG 320 Thermo Lite

SKU: GL-WG320

The Wonder Grip WG-320 Thermo Lite is a double latex coating glove, built on a 13-gauge brushed acrylic and spandex liner. The acrylic provides additional insulation for cold protection, while spandex helps to maintain flexibility, fit and comfort. WG-320 Thermo Lite is the glove of choice for users looking to gain the best fit, dexterity and comfort while keeping their hands warm.

Wonder Grip Gloves WG 333 Rock and Stone

SKU: GL-WG333

The Wonder Grip® WG-333, Rock & Stone, is a versatile glove with double latex coating for robust manual tasks, excellent grip in wet/dry conditions, and contact heat resistance. The 10-gauge cotton/polyester liner offers anti-wear properties, cut level B, and thermal hazard resistance. It's designed for ease of movement, providing protection against cold and heat with increased thumb resistance for extended use.

Wonder Grip Gloves WG 338 Thermo Plus

SKU: GL-WG338

The Wonder Grip WG-338 Thermo Plus is a fully double latex coated glove. Water repellent and insulated for cold resistance. WG-338 Thermo Plus is designed to be used specifically in cold and wet conditions. Constructed using a 13-gauge brushed pile acrylic liner, this glove maintains dexterity and unparalleled comfort and warmth, even in extreme working conditions.

Wonder Grip Gloves WG 422 Bee Smart

SKU: GL-WG422

The Wonder Grip® WG-422 Bee-Smart sets a new standard for comfort in general handling work. Its innovative Bee-series™ knitting and HDML™ coating provide high grip performance in dry and wet conditions. The ultra-lightweight, breathable liner with unique palm shape enhances dexterity, and the DuaLiner™ technology ensures a secure fit.

Wonder Grip Gloves WG 500 Flex

SKU: GL-WG500

The Wonder Grip WG-500 Flex is a high quality general handling glove. Engineered to offer the optimal level of comfort and grip in tasks such as parts assembly and warehousing, WG-500 Flex is a great choice of multipurpose glove offers all-around performance in dry and oily applications.

Wonder Grip Gloves WG 510 Oil

SKU: GL-WG510

The Wonder Grip WG-510 Oil is constructed on a 13-gauge nylon and spandex liner, with a double nitrile coating. This double coating allows for excellent oil protection, preventing the oil from permeating inside the glove, as well as providing extra abrasion resistance. WG-510 Oil allows easy hand movement providing excellent coolness and flexibility.

Wonder Grip Gloves WG 518 Oil plus

SKU: GL-WG518W

The Wonder Grip WG-518W Oil Plus incorporating seamless knitted 15-gauge nylon liner with a double nitrile coating, delivers excellent grip in dry, wet and oily conditions. Double coating technology provides durability and high resistance to abrasion, whilst its unique soft finish offers excellent dexterity and flexibility with minimal hand fatigue.

Wonder Grip Gloves WG 528L Oil guard

SKU: GL-WG528L

The Wonder Grip WG-528L Oil Guard is constructed on a 15-gauge nylon liner with a triple nitrile coating, providing unrivalled abrasion, tear resistance and impermeability to oil and liquids. The lightweight construction and soft finish of WG-528L Oil Guard allows the user to maintain a high-level of dexterity while remaining comfortable. WG-528L Oil Guard is the glove of choice for users seeking a heavy duty glove for damp and oily applications that do not require cut resistance.

Wonder Grip Gloves WG 718 Dexcut

SKU: GL-WG718

The Wonder Grip WG-718 Dexcut is a triple nitrile coated anti-cut glove, designed with a unique HPPE and glass fibre cut-resistant liner. WG-718 Dexcut is made from Tsunooga high performance polyethylene fibres to provide superior cut resistance, while maintaining excellent flexibility and comfort.

Wonder Grip Gloves WG 728L Dexcut

SKU: GL-WG728L

The Wonder Grip® WG-728L Dexcut® is a triple nitrile fully coated anti-cut glove using Tsunooga™ high performance polyethylene fibres to provide superior cut resistance (ISO 13997 grade E) while maintaining excellent flexibility and comfort. WG-728L Dexcut® offers unrivalled abrasion resistance and grip. It is the ultimate industrial glove with long sleeves. The liner incorporates spandex in order to add fit, flexibility and comfort.

Wonder Grip Gloves WG 787 Dexcut

SKU: GL-WG787

The Wonder Grip WG-787 Dexcut is a single nitrile coated glove, in a 13-gauge HPPE, mineral fibre and spandex liner providing cut resistance, while offering unrivalled flexibility and breathability. WG-787 Dexcut is made from Tsunooga high performance polyethylene fibres to provide superior cut resistance, while maintaining excellent flexibility and comfort, in dry and oily applications.

Wonder Grip Gloves WG 787L Dexcut with Extended Cuff

SKU: GL-WG787L

The Wonder Grip® WG787L Dexcut® is a 30cm-long, single-nitrile coated glove with a 13-gauge HPPE, mineral fiber, and spandex liner, offering ISO 13997 grade D cut resistance. It provides unmatched flexibility and breathability while fully protecting hands and wrists. The glove, made from Tsunooga™ high-performance polyethylene fibers, delivers superior cut resistance, flexibility, and comfort in both dry and oily applications. The reinforced thumb crotch ensures a longer lifespan.

Wonder Grip Gloves WG OP 1300G OPTY™

SKU: GL-OP1300

The Wonder Grip® OP-1300G Opty™ is an ultra-thin PU-coated glove for general handling, offering exceptional comfort, dexterity, and a secure grip. With a longer cuff, it exceeds industry standards, designed for breathability and skin-friendly comfort. The lightweight seamless liner maximizes dexterity, providing a second-skin sensation.

Wonder Grip Gloves WG OP 255 OPTY™

SKU: GL-OP255

The Wonder Grip® Opty™ WG OP-255 has a premium latex coating on a soft, stretchable liner for grip and anti-wear. Thicker palm side enhances protection, ensuring excellent fingertip dexterity. With DuaLiner™ tech and back-of-hand support, it offers a snug fit for extended comfort. Longer cuff exceeds standards, replicating the hand's natural shape to reduce fatigue. Super-thin latex coating ensures suppleness and sensitivity in a lightweight, seamless liner for maximum dexterity.

Wonder Grip Gloves WG OP 600L

SKU: GL-OP600

The Wonder Grip OPTY OP-600L glove provides protection against chemical risks in dry, oily or humid environments. Thanks to the rough finish on the palm, the adhesion is excellent in every environment. The triple PVC coating ensures a perfect oil resistance. The liner is made of seamless cotton that offers incomparable dexterity.

Wonder Grip Gloves WG OP 650R

OPTV™

SKU: GL-OP650

The Wonder Grip® OP-650R Opty™ gloves are ultra-lightweight, palm-coated nitrile gloves designed for assembling and handling work. With a robust nitrile coating, they offer total protection against liquids like industrial oils while maintaining finger dexterity. The gloves feature an ultra-lightweight seamless liner for suppleness, breathability, and comfort, designed to replicate the natural shape of the hand for ease of movement.
